Version 010910

ESE 2010

25.-27. November 2010 in
Frankfurt am Main

Thursday, 25.11.2010

08.30 – 16.00 Room 4+5

20th anniversary

Course on GI-Function Diagnostics

(language in working groups: English and Deutsch)

Introduction

KH Fuchs

Moderators: DeMeester, KH Fuchs

Standard Esophageal Manometry

SM Freys

High Resolution Manometry

R Sweis, UK

pH- and Impedance Monitoring

W Breithaupt

Bilirubin Monitoring

M Fein

Workshop Sessions and Examples from Clinical Practice:

W Breithaupt, M Fein, SM Freys, I Hammer, HJ Köhl, T Krivaja, S
Steinmetz, G Varga

Inbetween Lunch Break

Closing 16.00

Thursday, 25.11.2010

17.00 – 19.00 room 4+5

Opening Session ESE 2010

Welcome and Opening
KH Fuchs

Welcome address
A Hölscher

Key Note Lectures in Esophageal Diseases

Achievements in Gastroesophageal Reflux Disease
TR DeMeester, Los Angeles

Advances in Molecular Biology: the Benefits in Esophageal Disease
J Van Lanschot, Rotterdam

Achievements in Cancer Treatment
T Lerut, Leuven

Endoluminal and transluminal Endoscopic NOTES-Access and
Procedures in the Esophagus
A Fritscher-Ravens, Kiel

19.00 room 1+2

ESE Reception in the Exhibition Area

Friday, 26.11.2010

08.00 – 09.30

Session: Controversies in Benign Disease

Management of Zenker`s Diverticulum: Endoscopic Therapy
B Schumacher, Düsseldorf

Management of Zenker`s Diverticulum: Surgical Therapy
JM Collard, Brussels

Management of benign Stenoses: Dilatation, Bouginage
T Wehrmann, Wiesbaden

Management of benign Stenoses: Stents
Siersema P, Amsterdam

Management of Achalasia: Endoscopic Therapy
J Tack, Leuven

Management of Achalasia: Laparoscopic Myotomy
G Zaninotto, Venice

Management of Diffuse Esophageal Spasm
W Breithaupt, Frankfurt

09.30 – 10.00 Coffee Break

Friday, 26.11.2010

10.00 – 11.30 room 4+5

Session: Cancer Diagnostics and Staging

News from the Pathologist
C Wittekind, Leipzig

Improvements in Endoscopy and Endosonography
T Rösch, Hamburg

PET-CT in Staging Esophageal Cancer
Nafteux P, Leuven

PET in Staging Response after Therapy
M van Berge Henegouwen, Amsterdam

Patient Selection for Surgery
E Bollschweiler, Cologne

11.30-13.30 Lunch Break and visit of Exhibition Area

Advances in New Technology Symposia on Friday

LINX – Antireflux Device

The disease and the device
TR DeMeester, Los Angeles

Early experience and first Study Results
L Bonavina, Milano

Very early experience
KH Fuchs, Frankfurt

POEM: The transesophageal approach to Achalasia

Principles and early results of POEM
D van Rentelen, T Rösch, Hamburg

Friday, 26.11.2010

13.30 – 15.00 room 4+5

Session GERD I

Characteristics of GERD- Patients on their path through Health Care
Siersema P, Amsterdam

Advances in Diagnostics
L Bonavina, Milano

Perspectives of Medical Therapy
J Tack, Leuven

Surgical versus Medical therapy
L Lundell, Stockholm

The issue of Chronic Cough, Laryngitis and Hoarseness
P Kardos , Frankfurt

Eosinophilic Esophagitis
A Straumann, Switzerland

15.00 – 15.30 Coffee Break and visit in Exhibition Area

Friday, 26.11.2010

15.30 – 17.00 room 4+5

Session GERD II

Innovations in Antireflux Therapy
R Rosati, Milano

Evidence around laparoscopic Fundoplication
P Funch-Jensen, Aarhus

The Mesh-issue
R Pointner , Zell am See

Augmentation of the gastroesophageal junction with a scarf
H Feussner, Munich

The Short Esophagus
S Mattioli, Bologna

Redo- Surgery in GERD
KH Fuchs, Frankfurt

17.00 – 17.30 Coffee Break and visit Exhibition Area

Friday, 26.11.2010

17.30 – 19.00 room 4+5

Session: Barrett Esophagus including BARRX-Symposium

What Markers of Progression do we have for decision making ?
M Pera, Barcelona

Barrett Registries
G Zaninotto, Venice

Can we influence the Progression of Barrett Esophagus by Therapy ?
Gutschow, Cologne

Barrett Ablation: Current Controversies and Rules
R Pouw, Amsterdam

Experience with the BARRX system
H Neuhaus, Düsseldorf

Trial for diagnosis and BARRX Therapy on Barrett`esophagus
M Riegler, Vienna

Application of RFA and ARS in GERD and Barretts

Saturday, 27.11.2010

8.00 – 9.30 room 4+5

Session: Controversies in Cancer Management

Endoscopic Resection versus Surgery

C Ell, Wiesbaden

A Hölscher, Cologne

Definitive Radiochemotherapy versus Neoadjuvant Therapy and Surgery

NN

T Walsh, Dublin

Neoadjuvant Radiochemotherapy versus Neoadjuvant Chemotherapy

B Wijnhoven, Rotterdam

F Lordick, Braunschweig

09.30 – 10.00 Coffee Break

Saturday, 27.11.2010

10.00 – 12.15 Session

Therapeutic Techniques in Cancer

Upper Third Cancer Management

OP Horvath, Pecs

Management of esophageal leaks

Griffin SM, UK

How much Lymphadenectomy is necessary ?

A Hölscher, Cologne

The en-bloc dissection
A Nisar, Maidstone UK

Minimally invasive Conditioning of the gastric tube
W Schröder, Cologne

Minimally invasive Esophagectomy
G Decker, Luxembourg

The role of Robotics
R Van Hillegersberg, NL

Around 12.15 Closing
